- (Projector belts): Premium Parts + ,P.O.Box 28, Whitewater, WI 53190-0028, 1-800-558-9572
- (Parts for Bell & Howell and Eiki projectors): KMR Electronics purchased the BELL & HOWELL audio visual division in 1991 from EIKI international. Eiki had purchased the AV division from B&H in 1986. The division included all the B&H 16mm product (projectors) from model 500 through 2500 series. KMR purchased all the spare parts, rights and TOOLING for these parts. They continue to manufacture NEW parts for these projectors. Their business is primarily AUDIO VISUAL and deal with educational and industrial users but would be happy to help FCLS members with parts. You may call (714) 979-0400 OR fax to (714)668-9866 or send by e'mail "parts@kmr.com" 714-979-0400 SANTA ANA, CA
- Parts for Kalart Models 70/15-25 and the Victor Animatagraph are available from Stan Gunn at kalart@bigpond.com Most parts are available and in original packets. Projector serial Nos. must be quoted, along with part No if available. There are also many new parts for the original Victor Animatagraph. These machines were made also in the UK, as well as Australia, 99% of the parts for the Victor were all interchangeable.
- (Mechanical parts for Graphlex, Singer and Telex projectors): Hessinger Audio-Visual, 1406 Bergen Blvd., Fort Lee, NJ 07024, 201-947-0666 e-mail Chuck havi0666@aol.com,
- BGWdealer.com A place for amps you will drool over
- Bob Burke has lots of NOS (new old stock) and used parts available for RCA 16mm projectors. Bob Burke, 350 S. Old Middletown Rd. Media, Pa 19063.610-566-6992 email Bob bburke@delanet.com,
- A great tip from Phil Johnson: You can use O-rings used for sealing ball bearings as projector belts. They work for Pageants and lots of other older 8mm projectors. Use square O-rings for most Elmo projectors. You can get them at industrial ball bearing supply stores.
- (Movie camera repair (esp. Bolex): Larry at Mid-State Camera (312) 939-2272, Dieter at ProCam (818)346-1292 (some Bolex parts available)
